Depoe Bay Home Watch, Inc.

The Oregon coast is a great place to live but it can present challenges. Weather can be harsh with wind gusts, blowing sand, horizontal downpours and an average rainfall of 80 inches per year. Unexpected situations like water leaks, electrical problems, insects, vermin, mold/mildew, squatters/vagrants, cold winter temperatures, fire and storms can and do occur. Contractors can be difficult to find and schedule and often must come in from the valley. Supplies are limited and much of the time need to be ordered so repair jobs can take longer than expected. Regularly scheduled home visits can help you avoid disaster.

Our Home Watch Service is designed to give you peace of mind while you are away from your property on the Oregon coast. Our 26-point base service checklist can be customized to address and meet all your needs and concerns. Your property is checked on by professionals who are trained and look for potential issues. Our Home Watch IT reporting systems generates a GPS / Real Time report documenting our visits and emailed to each client.

The Owners

After visiting the Oregon coast for 30 years owners Don Jones and Karen his wife of 35 years made the move from Johnstown, Colorado and became locals. After recognizing a need for the services, Don started Depoe Bay Home Watch, Inc. Don has worked in the Service Industries for the past 20 years. He has been in and out of client's homes as an Insurance Agent, Pest Control Technician and Security Provider Relationship Manager.

Before his move to Oregon he owned and operated his own Carpet Restoration Cleaning Company for eight years. His professional experience allows him the opportunity to effectively communicate with his clients, address areas of concern and build long lasting relationships.
